

INSTRUCTIONS

GENERAL INFORMATION

Critter Ridder® Deer & Rabbit Repellent provides scent and taste barriers to repel deer, rabbits, tree squirrels and other animals from burrowing and feeding upon flowers, grass, bulbs, shrubs, plants, seedlings, and trees. Weather-resistant formula provides effective, long-lasting protection [by forming both an odor and taste barrier to repel pests.] OMRI Listed® for use in Organic Gardening.

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL AREA. AVOID FREEZING. SHAKE WELL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Use this product to repel deer, rabbits, and tree squirrels that feed on flowers, plants, shrubs, bulbs, trees, and seedlings. Do not apply at temperatures below 40°F, or in wet, windy conditions. Apply only in dry conditions and only under conditions favoring prompt drying of spray (lightly breezy, mild dry weather with low relative humidity). If spray is used in wet conditions or in damp, cold, foggy or misty, weather, or if precipitation or freezing occurs before spray can dry, protection may be partially or completely lost. Protect product from freezing. Freezing makes Critter Ridder® RTU unusable.

IMPORTANT

This product contains egg solids, which may cause allergic reactions in some individuals. Do not allow spray to drift onto plants intended for human consumption.

APPLICATION INSTRUCTIONS

Shake the container of Critter Ridder® RTU before use. Before large-scale treatments, test product on a small area of that plant type to avoid possible plant damage.

To apply 32 fl oz RTU, turn nozzle to spray or stream and pump trigger until material starts to dispense. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One quart of Critter Ridder® RTU treats 40-50 ornamental shrubs 4 feet tall or approximately 400-500 square feet. Surface conditions, size and density of plantings will affect the area covered with a given quantity of spray.

To apply 128 fl oz (1 gallon), place dip tube into container and tighten cap. Turn spray nozzle one half turn. Pump trigger until material starts to dispense. Adjust stream by turning nozzle to obtain the finest mist possible for the weather conditions experienced that day. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One gallon of Critter Ridder® RTU treats 180-200 ornamental shrubs 4 feet tall or approximately 1,600-2,000 square feet. Surface conditions, size, and texture of plantings will affect the coverage with a given quantity of spray.

APPLICATION INSTRUCTIONS CONTINUED

Clean sprayer after each application to prevent clogging. Treat vulnerable plants at the beginning of each damage season. Reapply every 2 – 3 months, or as new growth emerges and if the effects of the previous treatment appear to be waning. Reapply after heavy rain.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40°F and 90°F. Keep container tightly closed to prevent spillage and evaporation. If spillage occurs, dilute with water and flush away.

CONTAINER DISPOSAL: If Empty: Do not refill or reuse this container. Place in trash or offer for recycling, if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center at 1-800-858- 7378, 6:30 AM to 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center at 1-800-222-1222.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

NOTE:

Seller warrants that this product complies with the specifications expressed in the label.
