Awaken

Safer® Brand Awaken liquid plant food provides cuttings and seedlings the strength and vitality they need during the first two weeks of growth. This high-quality fish and molasses derived formula provides an immediate boost of nutrients that are easily processed by emerging root systems. Triple-filtered through ultra-fine 200-mesh screens, Awaken is compatible with all types of growing systems including hydroponics and soil media.

Try the entire Safer® Brand line of nutrients to easily accommodate your plants' ever-changing nutrition requirements.

For indoor and outdoor potted plants, all varieties of flowers, vegetables, herbs, trees, berries, shrubs, annuals and perennials.

- Use as part of a complete fertilizer program
- Use immediately after dilution
- Apply only as directed
- Shake well before use
- Keep in a dry, dark place at room temperature

Application Instructions:

Soil Application:

- 1 Use 3-4 ml per gallon of water (0.6-0.8 tsp/gal)
- 2 Feed as usual – safe to use with every watering

Hydroponics:

- 1 Use 3-4 ml per gallon of water (0.6-0.8 tsp/gal)
- 2 If using a recirculating system it's recommended to top off nutrients to the desired PPM
- 3 Reservoir should be changed every 5-7 days

For Best Results:

- Use conductivity or PPM meter to monitor water quality and control nutrient strength.
- Drain, discard and replace nutrient every week to prevent nutrient imbalance.
- Maintain nutrient pH between 5.5-6.5. Adjustment may be necessary since water quality and pH vary both regionally and seasonally.
- Refer to the Feeding Schedule for general mixing recommendations.
- Reduce nutrient strength if plants show signs of stress.

Safer® Brand Suggested Feeding Schedule

Stage	Cuttings & Seedlings	General Purpose-Early Veg	Aggressive Veg	Transition to Bloom	Bloom/Ripen
Awaken	3-4 ml/gal				
Accelerate		12 ml/gal	14 ml/gal		
Amplify				7 ml/gal	11-15 ml/gal
TruAmino+				¼ tsp/gal	¼ - 1 tsp/gal
TruBone+		6-8 ml/gal	6-8 ml/gal	6-9 ml/gal	13-15 ml/gal

U.S. to Metric Conversions:

Teaspoon	5 ml
Tablespoon	15 ml
Fl. Oz.	30 ml
Quart.....	946 ml
U.S.Gallon.....	3.785 Liters

Guaranteed Analysis:

Total Nitrogen (N) 3.0%
2.90% Water Soluble Nitrogen
0.10% Water Insoluble Nitrogen

Available Phosphate (P₂O₅)1.0%
Soluble Potash (K₂O) 5.0%
