BLOOM

LIQUID FERTILIZER

2-0-8

A fish-based nutrient for flowers, fruits, vegetables, herbs, berries and potted plants.

net contents 32 fl oz (1 qt) (946ml) concentrate

Amplify

Safer[®] Brand Amplify liquid plant food delivers a triple-filtered blend of fish and molasses to stimulate plants with readily available potassium and just the right amount of nitrogen. Plants will grow luscious fruits, vegetables and flowers with this powerful nutrient. Proven effective for all types of growing systems, Amplify works seamlessly in hydroponics and soil. From the first signs of flowering up until the day of harvest, give plants the boost they need for growth and vigor with Safer[®] Brand Amplify.

Try the entire Safer[®] Brand line of nutrients to easily accommodate your plants' ever-changing nutrition requirements.

For indoor and outdoor potted plants, all varieties of flowers, vegetables, herbs, trees, berries, shrubs, annuals and perennials.

- Use as part of a complete fertilizer program
- Use immediately after dilution
- Apply only as directed
- Shake well before use
- Keep in a dry, dark place at room temperature

Application Instructions:

Soil Application:

- 1 Use 7-15 ml per gallon of water (1.4-3 tsp/gal)
- 2 Feed as usual – safe to use with every watering

Hydroponics:

- 1 Use 7-15 ml per gallon of water (2-3 tsp/gal)
- 2 If your using a recirculating system we recommend topping off nutrients to the desired PPM.
- 3 Reservoir should also be changed every 5-7 days

For Best Results:

- Top dress media with worm castings.
- Use conductivity or PPM meter to monitor water quality and control nutrient strength.
- Drain, discard and replace nutrient every week to prevent nutrient imbalance.
- Maintain nutrient pH between 5.5-6.5. Adjustment may be necessary since water quality and pH vary both regionally and seasonally.
- Refer to the Feeding Schedule for general mixing recommendations.
- Reduce nutrient strength if plants show signs of stress.

U.S. to Metric Conversions:

Teaspoon 5 ml Quart 946 ml
